

# Patient Online Services

*As you know, few things in life matter more than your health and the health of your loved ones...now there's a new way to manage what's most important.*

## **At MyHealthRecord.com, you can:**

- Securely message your care team
- Review appointments
- Request prescription refills or view lab results
- Send your records to other healthcare providers

## **Creating an account is quick and easy:**

- 1) Ask a staff member to email you a registration link
- 2) Open the link
- 3) Answer a few data verification questions
- 4) Visit MyHealthRecord.com to log in
